

# OUTDOOR 30

For active cats with frequent access to the outdoors.

## Supporting activity and natural defences

Provides an optimal energy intake and supports natural defences thanks to a combination of antioxidants (vitamins E and C, lutein, taurine) and mannan-oligo-saccharides.

## High energy level

A high energy level compensates for major and repeated physical effort and copra oil provides rapid availability of energy.

## Joint maintenance

Helps maintain joint mobility and function thanks to a combination of glucosamine, chondroitin and fatty acids (EPA/DHA).

## Recommended daily quantities (g)

Your cat's weight (kg)	Thin	Ideal weight
	- Food (in g/day) -	
3kg	55	45
